

Easy Measuring Guide for Mecho Shades

Measure three places for each window and write it down in the chart below.

- Measure to the nearest 1/8".
- Circle the shortest measurement for the width and the longest for the length.
- **Print this handy guide for each room** in your house and fill it in as you measure. Have it handy when you order.

Room:

Color:

	Measurement	Measure: #1	Measure: #2	Measure: #3		Inside Mount	Outside Mount
W i n d o w #	Width (Inches)				Circle shortest		
	Length (inches)				Circle longest*		
	Mount (circle one)	Inside	Outside				
	Lift Cord (circle one)	Right	Left				

	Measurement	Measure: #1	Measure: #2	Measure: #3		Inside Mount	Outside Mount
W i n d o w #	Width (Inches)				Circle shortest		
	Length (inches)				Circle longest*		
	Mount (circle one)	Inside	Outside				
	Lift Cord (circle one)	Right	Left				

	Measurement	Measure: #1	Measure: #2	Measure: #3		Inside Mount	Outside Mount
W i n d o w #	Width (Inches)				Circle shortest
